The Community Conversations are a *sequential, progressive set of sessions* as listed in the table above, each moving forward and building from the previous one.

You are encouraged to *attend all four conversations,*

however, it is not mandatory. Please attend as many as you are able. All participation and input in this process is valuable.

Sessions are free to attend, however, a light meal will be served so we need you to register for each session you will attend so we

know how many meals to order.

Please register a minimum of 5 business days in advance of the session(s) you will attend. Likewise, if you need to cancel your registration, please let us know as soon as possible.
