## **Request for Program Successes!**

We want to share your success stories from the field; stories of progress in your suicide prevention work – it's your time to shine! The stories will be shared as one-to-two-minute video clips at the Northern MN Suicide Prevention Conference on June 17 at Ruttgers Resort in Deerwood, MN. Conference organizers want to highlight what has been working over the last year as well as any local/regional breakthrough or a successful strategies for those in suicide prevention work. We will show these at various points during the day, such as at lunch or during breaks.

Our request: a video description or conversation (1-2 minutes) that would inspire and inform others.

That might be a story about:

- A coalition or group that has stepped to lead prevention and postvention initiatives.
- A student group that has worked on suicide prevention efforts.
- Community partners that have forged ahead with initiatives related to the suicide prevention work – faith-based, primary care, higher education, schools, etc.
- An individual, student, or business that has “set the pace” for suicide prevention activities in the community.
- Any person, group, organization, or initiative that is making a difference in suicide prevention.

If you need a script, think in terms of identifying the former status, the need, who stepped up, what was done, and how it changed the world. Be sure to get written permission (permission form on pg. 2) from people before filming them! If filming or a video recording is not an option, stories can also be recorded as a voice-story as well.

**Please turn email the video clip and signed permission forms to Meghann Levitt by Friday, June 11<sup>th</sup>. Please send either compressed files, or a link to a Google Drive folder where materials can be downloaded.** Your success story may well turn into someone else's inspiration!

Thanks for all of your work!

*Meghann Levitt*
