New LAC members
always welcome!

LET YOUR VOICE BE HEARD

**Chisago County
Local Advisory Council
(LAC)**

Adult and Children's mental health

AdultMentalHealth.org

Legislation

The LAC is mandated to include persons who have received mental health services as children, adults or family members.

The primary purpose of the LAC is to provide an opportunity for consumer and family voices to be heard.

Mission

Identify Needs. Seek input from parents, former consumers, providers and others about mental health needs in the area.

Inform. Identify for the County Board where mental health services are available in the county, and how to access those services.

Recommend. LAC members make recommendations to the County Board regarding unmet mental health needs in Chisago County.

Plan. The LAC is to be involved in mental health planning for the county.

Report. The LAC is to report its recommendations regarding the local mental health system to the State Advisory Council on Mental Health.
