

Bringing H.O.P.E

TO THOSE WHO HAVE
EXPERIENCED TRAUMA

2410 20th Ave. SE
St. Cloud, MN 56304

As we continue with our Feeding HOPE series, join presenter Ann Ellison from M Health Fairview as she discusses **Health Outcomes of Positive Experiences**. (H.O.P.E.). She will identify and explain the seven positive experiences that have proven to mitigate the effects of adverse childhood experiences and prevent toxic stress. She will also address the four pillars of the H.O.P.E. framework and discuss how these pillars can influence your work.

Ann has worked in health care for 35+ years and is currently Manager of Interfaith Health for M Health Fairview. She has a B.A. in Social Work and a M.A. in Health and Human Services Administration. Ann is a trainer in Risking Connection in Faith Communities, a curriculum for faith leaders supporting trauma survivors.
