

| BRASS Code | Service Name                                                                            | Description                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |
|------------|-----------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 402        | Community Education and Prevention                                                      | Activities designed to educate the public about mental health and co-occurring issues. The goals are to increase the understanding of mental health, reduce stigma, promote recovery, and increase awareness of the availability of resources and services, and improve skills in dealing with mental health issues. Includes community training and conferences, marketing efforts for the AMHI, time-limited subscription services, and incentives for people with lived experience to participate in AMHI activities. |
| 403        | Adult Client Outreach                                                                   | Activities within the community and segregated settings designed to locate and engage potentially eligible adults, inform them of available mental health services, and assure that they have access to those services. Recommended use of this BRASS code is for activities that are directly tied to an individual.                                                                                                                                                                                                    |
| 408        | Adult Outpatient Diagnostic Assessment or Psychological Testing/Explanation of Findings | Diagnostic Assessment, psychological testing, and explanation of findings as defined in Minnesota Administrative Rules parts 9505.0370 to 9505.0372 by a qualified mental health professional.                                                                                                                                                                                                                                                                                                                           |
| 409        | Prepetition Screening/Hearing                                                           | An investigation prior to a commitment hearing which must meet the standards specified in the Minnesota Community Act (Minnesota Statutes 253B.07, subd. 1)                                                                                                                                                                                                                                                                                                                                                              |
| 416        | Transportation                                                                          | Travel (escorted or unescorted) to and from sites such as employment, stores, services, and medical and nonmedical appointments to maintain or assist in recovery. This might include transit cards, mileage reimbursement, and taxis.                                                                                                                                                                                                                                                                                   |
| 418        | Client Flex Funds                                                                       | Goods or services purchased to meet basic physical or medical needs. Examples include: medications, clothing, auto repair, and food. Entities must have a written policy regarding the use of client flex funds.                                                                                                                                                                                                                                                                                                         |
| 419        | Court Related Services and Activities                                                   | Court-related services and activities include mediation, court appearances, and preparation for court, such as document preparation and consultation with county attorney's office, law enforcement, and other investigatory agencies.                                                                                                                                                                                                                                                                                   |
| 420        | Peer Support Services                                                                   | Non clinical recovery-focused activities encouraging empowerment, self-determination, and decision-making provided by Certified Peer Specialists.                                                                                                                                                                                                                                                                                                                                                                        |
| 431        | Adult Mobile Crisis Services                                                            | Face to Face services for an adult who may be experiencing a mental health crisis or a mental health emergency. These services include assessment, intervention, and community (non-residential) stabilization. This code covers infrastructure development such as training, as well as ancillary and supportive services.                                                                                                                                                                                              |
| 434        | Community Support Program Services                                                      | Services linked to a support plan provided to an individual at the location of their choice in order to stay in the community. Examples are grocery shopping, social activities, housekeeping, and the creation of a wellness plan.                                                                                                                                                                                                                                                                                      |
| 436        | Adult Residential Crisis Stabilization                                                  | Individualized services to assist the individual returning to their community. This service is provided following a mental health crisis assessment and intervention and as part of the treatment plan for the crisis.                                                                                                                                                                                                                                                                                                   |
| 437        | Supported Employment/Individualized Placement and Support Services (IPS)                | Person-centered support provided to a person with a serious mental illness to locate and maintain competitive employment in the community. This cannot be used for center-based employment.                                                                                                                                                                                                                                                                                                                              |
| 438        | Assertive Community Treatment (ACT)                                                     | Intensive, comprehensive, non residential rehabilitative mental health service using a team approach. This service must meet standards specified in Minnesota Statutes, 256B.0622                                                                                                                                                                                                                                                                                                                                        |
| 443        | Housing Subsidy                                                                         | Direct payments for rent, utility costs, deposits on housing and utilities, household furnishings, or storage and moving costs.                                                                                                                                                                                                                                                                                                                                                                                          |
| 446        | Basic Living/Social Skills and Community Integration                                    | Basic living/social skills and community intervention services provided to rehabilitate and enable the recipient to develop and enhance psychiatric stability, social competencies, personal and emotional adjustment, and independent living and community skills, including ARMHS and other rehabilitative treatments.                                                                                                                                                                                                 |
| 451        | Emergency Response Services                                                             | Response services available on a 24 hour seven days a week basis for persons having a psychiatric crisis, a mental health crisis, or emergency. Emergency response services include telephone hot lines and similar services.                                                                                                                                                                                                                                                                                            |
| 452        | Adult Outpatient Psychotherapy                                                          | Psychotherapy provided by or under the clinical supervision of a mental health professional to an adult with SPMI. This service is provided outside of an inpatient or residential setting and exclude psychotherapeutic services provided as part of day treatment.                                                                                                                                                                                                                                                     |
| 454        | Adult Outpatient Medication Management                                                  | Prescription medication education and review for an adult as a means of controlling or eliminating severe behavior problems, or the effects of mental illness. This excludes medication management services provided as part of day treatment, community support program, and services provided by a staff of a residential or inpatient program.                                                                                                                                                                        |
| 468        | Adult Day Treatment                                                                     | A time-limited structured program of psychotherapy, rehabilitative mental health, and other intensive therapeutic services provided by a multi-disciplinary team to reduce the effects of mental illness, promote recovery, and enable transition to a lower level of care in the community.                                                                                                                                                                                                                             |
| 469        | Partial Hospitalization                                                                 | A time-limited structured outpatient program of psychotherapy and other therapeutic services that is provided by a qualifying hospital or community mental health center. Services must comply with Minnesota Administrative rules parts 9505.0370 to 9505.0372                                                                                                                                                                                                                                                          |
| 474        | Intensive Residential Treatment Services (IRTS)                                         | Services delivered by an enrolled Minnesota Health care program (MHCP) and include activities designed to develop and enhance psychiatric stability, personal and emotional adjustment, self-sufficiency, and skills to live in a more independent setting.                                                                                                                                                                                                                                                              |
| 491        | Adult Mental Health Targeted Case Management (AMH TCM)                                  | Services designed to help persons gain access to needed medical, social, educational, vocational, financial, and other necessary services as they relate to the person's mental health needs. Services must comply with MN Comprehensive Mental Health Act, Minnesota Statutes, Section 245.462                                                                                                                                                                                                                          |
| 493        | General Case Management                                                                 | A systematic process of ongoing assessment, planning, referral, service coordination, and monitoring, consultation, and advocacy through which multiple services needs of clients are addressed.                                                                                                                                                                                                                                                                                                                         |
